“Connecting registration forms and payments was revolutionary for us.”

Yahrziet

Get Started

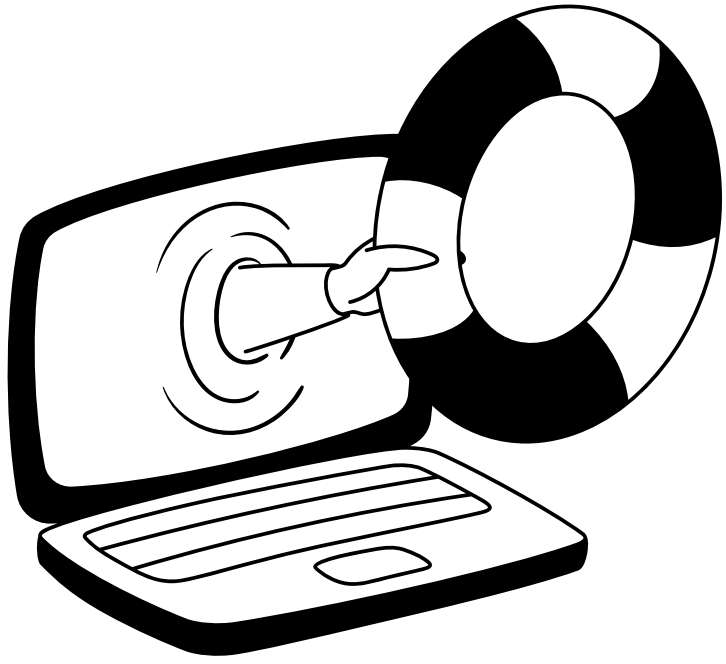

Synagogue life runs on heart—and it runs because of you.

You're the steady hand behind every sign-up, every Shabbat dinner, every community moment. This isn't about replacing what you do. It's about giving you tools that respect your time and make your leadership shine. When events run smoothly, people feel welcome. And that's sacred work.

We're just like you—committed to building strong Jewish communities.

- Try it free for 3 months.
- Book a demo.
- Or talk to a real person who understands our world.

Let's make it easier—for you, and for everyone who counts on you.

6 PRODUCTS

You're already holding it all together—now you can do it with less stress. This event tool gives you full oversight, instant updates, and one-click organization—without giving up control or learning a complicated new system.

Bring calm to your community event chaos. Our synagogue-friendly software links your website, registration, and payments—so you stay organized, in control, and focused on what matters most.

01

Room Bookings

With SimchaSpace, you can view all room bookings at a glance, reserve spaces effortlessly, and streamline your entire planning process with ease.

02

Yahrziet Reminders

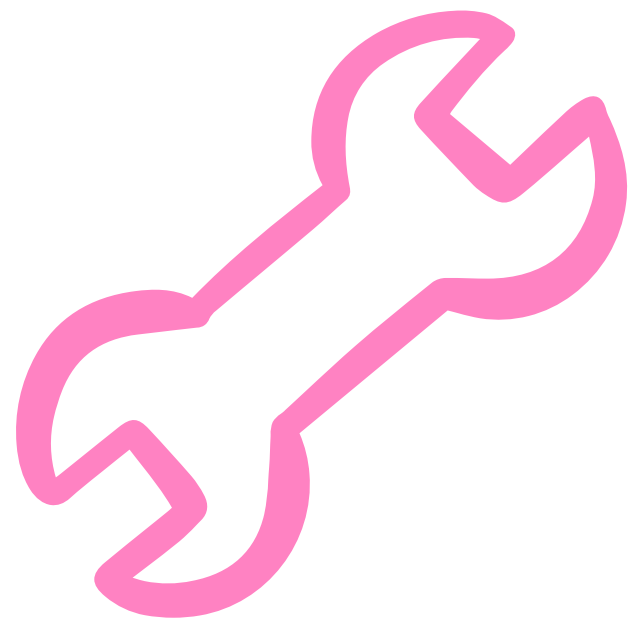

Just sign them and send them by post to make your members feel appreciated, remembered and cared for by their community. It's never been easier to keep this tradition going.

03

Event Calendar and Registrations

EventShalom comes with a website calendar for your website, so your members can look at the calendar and see what your community is offering next. In one click, they can register for the event.

By choosing these streamlined packages, you're not just saving time—you're setting yourself up for faster responses, stronger connections, and smarter growth. With everything running through one easy-to-manage system, you'll have better oversight of your community's needs, quicker ways to communicate changes, and a clearer view of your expanding event calendar. It's a smarter way to lead, freeing up your energy to nurture the community, not just manage it.

04

Payments connected to Registration

EventShalom also connects these registrations to payments, so your community is paid immediately when someone wants to attend the event. Cancellation? No problem. EventShalom can handle those too.

05

Accounting Integration

Connect your payments to your accounting software, to finish the whole process for every event. No more manual bookkeeping of payments.

06

Website Hosting / Design

Want a fresh website on top of it? Get a beautiful new design, that looks great on phones and on computer screens. We can update your website for you, at no cost when you sign up for the whole 6 product package.

The Solution, like a **Mensch**

EVENTSHALOM BY YAHRZIET

Simple Registrations. No learning required.

You open your laptop Monday morning, and for once—you're not buried in spreadsheets and forwarded RSVP emails. The events page on your website? Done. Updated and beautiful. Each program has a clean registration form, linked directly to secure payments, with all the details you approved.

You still have full oversight—every registration goes into a live list that only you control. You see who's paid, who hasn't, who's asked for a sponsorship, and even who needs to be flagged for security. No one slips through the cracks—but now, it's without chasing them down one by one.

When someone emails or texts you to cancel? You forward it. One click. They're removed. You still make the call—just faster.

Catering? No more last-minute scramble. You pull the updated list with a click and send it. Accurate, every time.

Nothing goes live without your say-so.

You're still the point person. The gatekeeper. The rock. But now, instead of juggling it all manually, you're the one who runs a clean system—and everyone knows it.

It centers you, just with fewer headaches.

Because you're not just the administrator—you're the one who makes it all happen.
